Intro To R

Maths Skills Centre

This document contains all the materials covered in the Introduction to R workshop of the Maths Skills Centre.

Overview of RStudio

Questions:
1. What are the four panels in RStudio?
2. How is a project set up in RStudio?
3. Where do we save files for RStudio to use?

Objectives:
1. Navigate the RStudio environment.
2. Set up an RStudio project for the workshop.
3. Save the workshop files from the vle into the project working directory.

Navigating the RStudio environment

RStudio has four panels. When RStudio is opened for the first time, only three are visible:
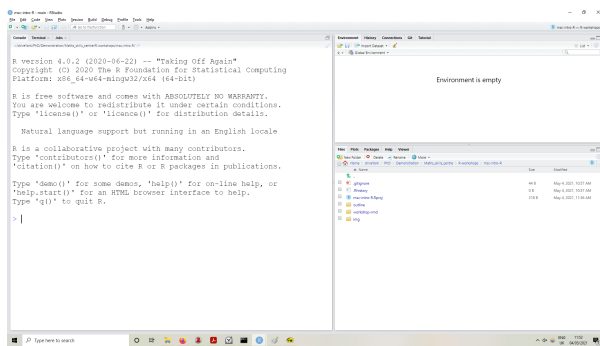

Figure 1: When RStudio is first started, three panels are visible.
